Global business network for animal farming and livestock management – Made by DLG

As an international professional organisation and organiser of world-leading trade fairs, DLG offers a global network in the agricultural and food sectors. We promote the exchange of knowledge, experience and proven practices between countries and regions.

With our business platforms, we enable you to access new markets, resources and technologies. With our forums for professional exchange, we support knowledge transfer and political cooperation for sustainable and efficient agricultural and food production.
